Virtual Meeting Rooms & your finance team

Traditionally, high purchase costs and the specialist skill sets and infrastructure needed to support and manage video, along with the scepticisms of the reliability of using video conferencing, has for too long discouraged wide scale adoption.

With UCi2i's video managed services and Virtual Meeting Rooms, we relieve you from those technical frustrations, costs and infrastructure needs, delivering an everyday, reliable, secure, supported and high definition video experience for all your finance team needs.

Providing reliable and accurate information, and being able to bring multiple people together at short notice to discuss highly confidential agendas are crucial for any finance team. This means on-demand, secure and reliable communications is vital.

Minimise the need for local and international travel, saving time, money and your carbon footprint.

Enjoy high definition, security and unlimited usage.

Increase collaboration, productivity and profitability.

Enjoy around the clock, global support - real people, speaking your language.

Departmental cost control meetings

Finance teams need to meet with other departments to ensure they are operating in line with company budgets, which can often be time consuming, especially when they are located in varying areas around the world.

Dedicated finance team Virtual Meeting Rooms offer an all-in-one solution to increasing face to face contact with all company departments, without the technical headaches and high costs traditionally associated with video conferencing - allowing your team to maintain the right level of control and support with minimal hassle.

We understand that with any finance team, confidential communications is vital. Our Virtual Meeting Rooms are secure, pin protected and end to end encrypted, offering a risk-free way to hold multi-participant video calls with anyone, on any standards based video device.

Your Virtual Meeting Room can be accessed from anywhere in the world, so no matter where you find yourself, you're only one click away from the people that matter.

Sales and purchase ledger meetings

Finance teams keep on top of complex sales and purchase ledgers, which can be a lengthy process, especially if your teams are run remotely or spread out around the world. By using video communications via Virtual Meeting Rooms, your finance teams are able to come together at the click of a button, in high definition, securely, wherever they are.

By using Virtual Meeting Rooms, your finance team can review your ledgers with the team, review the minutes and ensure that all those issues are resolved quickly. The instant desktop, application and content sharing makes it easier to provide and absorb valuable information on a real time basis, allowing you to make faster decisions and collaborate productively.

UCi2i Virtual Meeting Rooms have just one fixed-priced monthly subscription fee with all you can eat, unlimited usage - making it the affordable way to stay connected.

Monthly review meetings

Bring your finance team together for your monthly review meetings regardless of location, which means greater control and quicker reactions over expenditure and forecasting. The high definition quality and content sharing allow your meetings to delve into detail quickly and spot issues and opportunities easily.

With dedicated Virtual Meeting Rooms, finance can pull together virtual teams quickly to assist with issue resolving. Your globally dispersed teams and external suppliers, such as auditors, can meet and collaborate anytime, creating an open and productive team culture for any type of organisation.

Geography and time are no longer your enemy, as you can meet anyone instantly, on any device, without needing to leave your home or office.
