Virtual Meeting Rooms & your legal team

Traditionally, high purchase costs and the specialist skill sets and infrastructure needed to support and manage video, along with the scepticisms of the reliability of using video conferencing, has for too long discouraged wide scale adoption.

With UCi2i's video managed services and Virtual Meeting Rooms, we relieve you from those technical frustrations, costs and infrastructure needs, delivering an everyday, reliable, secure, supported and high definition video experience for all your legal team needs.

Negotiating contracts and holding critical meetings with clients are just a couple of areas where a legal team and their clients will spend unnecessary time and money on travel, when they could be meeting virtually, instantly and in security, by meeting face to face over video, using Virtual Meeting Rooms.

Minimise the need for local and international travel, saving time, money and your carbon footprint.

Enjoy high definition, security and unlimited usage.

Increase collaboration, productivity and profitability.

Enjoy around the clock, global support - real people, speaking your language.

Contractual meetings with clients

Keeping on top of legal matters with clients and keeping your relationships frequent and productive can be time consuming, and the expense of travel often eats into the time you could be spending on more profitable business.

Dedicated legal team Virtual Meeting Rooms offer an all-in-one solution to increasing face to face contact, without the technical headaches and high costs traditionally associated with video conferencing.

Understand your clients better than ever before by being able to read the visual cues and the reactions that you simply cannot gauge from audio-only communications.

We understand that with any legal matter, secure communications is paramount. Our Virtual Meeting Rooms are secure, pin protected and end to end encrypted, offering a risk-free way to hold multi-participant video calls with anyone, on any standards based video device.

Your Virtual Meeting Room can be accessed from anywhere in the world, so no matter where you find yourself, you're only one click away from the people that matter.

For the expression that says more than words. Wherever you are. UCi2i

Contractual meetings with third parties

Keeping control of contractual work undertaken by third party suppliers throughout the business is often difficult and time consuming, especially when projects go over budget, are delayed or unforeseen issues arise. By using Virtual Meeting Rooms, your legal team are able to meet with suppliers instantly, wherever they are, making it easier to provide and absorb valuable information on a real time basis.

Virtual Meeting Rooms give you face to face meetings with your legal team instantly, with no need to schedule your conferences and have just one fixed-priced monthly subscription fee with all you can eat, unlimited usage - making it the affordable way to stay connected, wherever you are.

The high definition quality and instant desktop, application and content sharing, allow you to make faster decisions and collaborate productively - giving your legal team valuable time back to spend on the job in hand.

Internal reviews and issue management

It's important for your legal teams to not only have constant access and contact with all company departments to make sure they have the right expertise and information at their fingertips, but to be able to more productively and efficiently undertake their CPD programs.

With dedicated legal team Virtual Meeting Rooms, wherever they are, they can pull together virtual teams quickly to assist with litigation processes. Your globally dispersed legal teams and external legal firms can meet and collaborate anytime, creating an open and productive team culture for any type of organisation.

Fully managed and supported globally, your Virtual Meeting Room is your reliable, everyday, risk-free means of communicating and sharing instantly.

Geography and time are no longer your enemy, as you can meet anyone instantly, on any device, without needing to leave your home or office.
