

Operations

Virtual Meeting Rooms & your operations team

Traditionally, high purchase costs and the specialist skill sets and infrastructure needed to support and manage video, along with the scepticisms of the reliability of using video conferencing, has for too long discouraged wide scale adoption.

With UCi2i's video managed services and Virtual Meeting Rooms, we relieve you from those technical frustrations, costs and infrastructure needs, delivering an everyday, reliable, secure, supported and high definition video experience for all your operations team needs.

Providing fast and reliable information and support are crucial for any operations team. Help is often needed at the onset of a problem and operations teams are often reacting to issues the moment they are raised. This means instant, secure and reliable communications is vital.

Minimise the need for local and international travel, saving time, money and your carbon footprint.

Enjoy high definition, security and unlimited usage.

Increase collaboration, productivity and profitability.

Enjoy around the clock, global support - real people, speaking your language.

Day to day problem solving with customers

Managing and dealing with specific customer issues is often time consuming, especially when they are located in varying areas around the world.

Dedicated operations team Virtual Meeting Rooms offer an all-in-one solution to increasing face to face contact with customers, without the technical headaches and high costs traditionally associated with video conferencing - allowing your team to resolve issues quickly and effectively with minimal hassle.

We understand that with any operations team, secure communications is vital. Our Virtual Meeting Rooms are secure, pin protected and end to end encrypted, offering a risk-free way to hold multi-participant video calls with anyone, on any standards based video device.

Your Virtual Meeting Room can be accessed from anywhere in the world, so no matter where you find yourself, you're only one click away from the people that matter.

For customer driven relationships. Wherever you are. UCi2i

Product development

Operations teams are often creating and testing new products. By using video communications via Virtual Meeting Rooms, your teams can meet with R&D teams, external suppliers, and other departments wherever they are.

The instant desktop, application and content sharing makes it easier to provide and absorb valuable information on a real time basis, allowing you to make faster decisions and collaborate productively.

UCi2i Virtual Meeting Rooms have just one fixed-priced monthly subscription fee with all you can eat, unlimited usage - making it the affordable way to stay connected.

Regular internal review meetings

Bring your operations team together for your weekly review meetings regardless of location. The high definition quality and content sharing allow your meetings to delve into detail quickly and easily.

With dedicated Virtual Meeting Rooms, operations can pull together virtual teams quickly to assist with processes, testing and resolving issues. Your globally dispersed teams and external suppliers can meet and collaborate anytime, creating an open and productive team culture for any type of organisation.

Fully managed and supported globally, your Virtual Meeting Room is your reliable, everyday, risk-free means of communicating and sharing instantly.

Geography and time are no longer your enemy, as you can meet anyone instantly, on any device, without needing to leave your home or office.
